### The Homeowner Claims Bill of Rights Notice to Policyholders:

#### You are advised to:

- 1) Contact your insurer before entering into any contract for repairs to confirm any managed repair policy provisions or optional preferred vendors.
- 2) Complete and document any emergency repairs that are necessary to prevent further damage. Keep all receipts and take photographs of the damage before and after any repairs.
- 3) Carefully read contracts that require out-of-pocket expenses or a fee that is based on a percentage of the insurance proceeds that you will receive for repairing or replacing your property.
- 4) Confirm that contractors are properly licensed to do business in Florida and check to see if they have any complaints filed against them with the Department of Business and Professional Regulation. Contractors should also be asked for references from previous clients. To verify a contractor license, call the Florida Department of Business and Professional Regulation at 850-487-1395 or visit <http://www.myfloridalicense.com/dbpr/>.
- 5) Require all contractors to provide proof of insurance before starting repairs.
- 6) Secure your property, turn off gas, water and electricity, and contact the insurance company to provide them a phone number where you can be reached if the damage requires you to leave your home.
